

ROUND 2: TASK GUIDELINES

TIMELINE: T-0

Creatives envisions how you project Manfest-Varchasva to the outer world to create the desired impact for all stakeholders. It is responsible for designing & managing all visual communication for Manfest-Varchasva and City Run. This includes online posts across all platforms, offline branding, merchandise design and video production across verticals, pro-shows, competitions and LeadEx ensuring consistent and impactful representation of the fest.

Task:

Identify different high-footfall and high-visibility areas across the IIM Lucknow campus that can be utilised for Sponsor, Artist and Business Leader branding. Keeping in mind busy areas such as academic blocks, hostels, food areas, entry/exit points, common areas and event venues, suggest what type of branding would work best at each location. Explore formats such as posters, standees, banners & other creative ideas. The plan should clearly mention the location, whom it is meant for (Sponsor/Artist/Leader), the form of branding and why it is suitable.

Final Deliverables:

- Suggested branding formats for each Sponsor/Artist/Leader
- Visual campus map highlighting opportunities
- Sample creative/mockup ideas

For brownie points:

Suggest innovative, interactive and unconventional branding ideas beyond traditional posters and banners.

Suggestions:

Understand the campus movement and high-footfall areas before proposing branding opportunities. Think beyond conventional posters and banners and explore creative, interactive and location-specific formats. Consider the visibility, relevance, audience and feasibility of each idea. The objective is to maximise brand recall while maintaining the overall fest aesthetic and experience.

**For any queries regarding the task contact – Susanth, Kritika or Durga We hope you enjoy the task!
All the best!**
