

ROUND 2: TASK GUIDELINES

TIMELINE: T-10

Creatives envisions how you project Manifest-Varchasva to the outer world to create the desired impact for all stakeholders. It is responsible for designing & managing all visual communication for Manifest-Varchasva and City Run. This includes online posts across all platforms, offline branding, merchandise design and video production across verticals, pro-shows, competitions and LeadEx ensuring consistent and impactful representation of the fest.

Task:

This is one of the biggest fests in North India. To publicize it across multiple channels, we require posters for the wide array of events. After all, a picture is worth 1000 words. Given below are some fest events along with their descriptions. Pick **two** (or more if you wish!) and design a Promotional Poster for them.

- **Cultural Event** - Pick any cultural event and design a poster for the same. Try to incorporate all the elements and information associated with the event.
- **Management Events** – Pick any management event and design a poster for the same. Try to incorporate all the elements and information associated with the event.
- **Leaders Express** – Pick an eminent speaker for Leaders Express and design a poster.
- **City Run** – The Lucknow city run, a CSR event, is a vital part of the fest. Think of a theme and ways to promote the event which will appeal to the local crowd.

Final Deliverables:

- Two posters (4:5) designed using any design tool such as Adobe Photoshop, Adobe Illustrator, Corel Draw, Canva etc. If you are not familiar with any design tools, a hand-drawn concept map would suffice.

Suggestions:

Research on the various posters designed to promote fests across India. Understand the audience preference, keep in mind that the promotions need to generate enthusiasm and captivate the crowd. Visit Manifest-Varchasva instagram page to know about the events and previous references for the poster
