

ROUND 2: TASK GUIDELINES

TIMELINE: T-100

Creatives envisions how you project Manfest-Varchasva to the outer world to create the desired impact for all stakeholders. It is responsible for designing & managing all visual communication for Manfest-Varchasva and City Run. This includes online posts across all platforms, offline branding, merchandise design and video production across verticals, pro-shows, competitions and LeadEx ensuring consistent and impactful representation of the fest.

Task:

Every year, an aftermovie is created to attract sponsors. Since sponsors are approached by several fests, it is crucial that our material stands out and positions Manfest-Varchasva as the premier choice. Additionally, we also focus on keeping our audience engaged before the fest through reels and ensuring they are constantly reminded that it's coming. This is where reels play a big role in building excitement and buzz.

For the videos, your objective is to:

- Showcase the grandeur, scale, and vibrancy of Manfest-Varchasva.
- Highlight elements that appeal to sponsors/participants and attract a wider audience.
- Build anticipation and keep our audience engaged in the run-up to the fest.

Final Deliverables

1. Reels Creation (9:16)

- a. Create reels(max 15sec) for any **two events** from any vertical.
- b. Ensure the reels are engaging, high-energy, and aligned with MV's brand personality

For Brownie Points:

- Suggest practical improvements for the MV 25-26 Aftermovie.

Suggestions: When working on your submissions, focus on clarity, strong storytelling, and attention-grabbing visuals. The content should be designed to capture the interest of busy managers and persuade them to respond favorably. To ensure alignment with MV's identity and tone, study past content carefully especially our official Instagram page and use it as a reference point for inspiration.
