

ROUND 2: TASK GUIDELINES

Timeline: T-10

There is a crucial category of competitive events under the “Dance Events” vertical of the fest. Each year, our focus has been to introduce some aspect to these events that is both challenging for participants and exciting for audiences to witness.

There are 10 days to the fest and the number of registrations for ‘Inferno’, the street dance event at Manifest-Varchasva is very low. You have already contacted all the top undergrad colleges, B-schools and dance academies for participation. The event has been publicized well on social media. Suggest new ways to garner registrations for the event.

OR

Devise a step-by-step plan for organizing a dance workshop. The plan should include details of the medium used, operational mechanism and all other requirements for flawless execution. Also include ideas on who will conduct the workshop (at least 5) and how to increase participation. Who will be your target audience and at what entry fee will you charge? Give your rationale behind this.

Our advice is to keep your task submission brief and precise, without compromising on attention to detail.

Final Deliverable:

A Word document or PDF file (max. 2 pages)/PPT (max. 6 slides) covering all necessary details.
