

ROUND 2: TASK GUIDELINES

Timeline: T-100

There is a crucial category of competitive events under the “Dance Events” vertical of the fest. Each year, our focus has been to introduce some aspect to these events that is both challenging for participants and exciting for audiences to witness.

The current four dance events of MV enjoy massive participation and tremendous audience response. Design three more events which are of a different format from the ones being conducted and provide an execution plan for them. The design should be comprehensive and should include all details required to conduct the events. Given below are some general guidelines to help structure your thoughts while completing the task:

- Concept and Design
- Description of the event – nature (showcase/ competitive/ non-competitive/ crowd engagement)
- Detailing of the event – Rules, detailing of rounds (preliminary elimination rounds as well), prospective judges, evaluation criteria etc.
- Broad operational plan and feasibility

Our advice is to keep your task submission brief and precise, without compromising on attention to detail.

Final Deliverable:

A Word document or PDF file (max. 2 pages)/PPT (max. 6 slides) covering all necessary details.
