

ROUND 2: TASK GUIDELINES

TIMELINE: T-100

Let's talk business!

Management Events drives the end-to-end execution of national-level case competitions, engaging B-schools, undergraduate institutions and the corporate community. We conceptualise and execute competitions across diverse domains including Finance, Marketing, Strategy and more.

Task:

Your responsibility is to design a sponsor pitch deck for a potential corporate partner who may be interested in sponsoring the competition. The event is set to attract the brightest minds from top B-schools, IITs, and beyond, and your mission is simple but mighty: A killer sponsor pitch deck that shows why backing our event is the smartest marketing move they can make this year. Think of yourself as the Chief Marketing Officer of the fest for a day, your pitch should scream scale, impact, and ROI, while also dazzling the sponsor with creativity.

Your pitch should aim to convince the company of the value proposition, highlighting the scale, brand visibility, and student engagement opportunities they would receive through the sponsorship. Feel free to bring in creative structuring, branding ideas, and unique value adds.

As part of the task, you will also be required to create a sponsorship database of minimum 100 potential corporate contacts who could be relevant prospects for the event. The database should consist of valid and relevant professional contacts, rather than just company names.

Final Deliverables:

- 2-4 slide PowerPoint presentation in PDF format (excluding Introduction and Thank You slides).
- Excel database with valid and relevant corporate sponsorship contacts/leads.

Pro Tip:

- Think like a sponsor: What's in it for them?
- Dare to be bold: The more creativity, the better. Imagine the sponsor going "Wow, we NEED this!"
