

IIM LUCKNOW'S MANFEST - VARCHASVA 2026-2027 THE ANNUAL BUSINESS, CULTURAL & SPORTS FEST

ROUND 2: TASK GUIDELINES

Timeline: T-50

Operations ensure the smooth execution of Manfest–Varchasva by managing on-ground logistics, including administrative activities, infrastructure, inventory, and vendor relationships. The team runs the show across verticals, pro-shows, competitions, and LeadEx sessions, ensuring every event is delivered flawlessly.

As a core member of Manfest–Varchasva, you are expected to design the blueprint of the fest. Explore the various avenues of IIM Lucknow and propose innovative activities that could be hosted in each. Avoid sticking to the status quo - creativity and originality are key.

Task:

Step into the shoes of the Convenor and develop a comprehensive blueprint for running the entire fest. Your plan should focus on the operational strategy and be as detailed as possible, tailored specifically to the infrastructure, resources, and context of IIM Lucknow.

Final Deliverables:

1. **Timeline** – Detailed schedule of tasks leading up to a successful execution of the fest
2. **Procurement Plan** – Plan considering all health, safety, and logistical requirements
3. **Physical & Digital Requirements** – All infrastructure, equipment, and digital tools needed
4. **Budget** – Estimated costs for all listed requirements
5. **Risk Management** – Probable challenges during execution and proposed solutions
6. **D-Day Operational Plan** – Step-by-step plan for how the fest will be executed, including team responsibilities, coordination among verticals, and contingency measures

Suggestion:

Don't worry about perfect solutions, focus on sharing your thought process, approach, and mindset. We want to understand how you think and how you tackle this challenge.
