

ROUND 2: TASK GUIDELINES

Timeline: T-0

Operations ensure the smooth execution of Manfest–Varchasva by managing on-ground logistics, including administrative activities, infrastructure, inventory, and vendor relationships. The team runs the show across verticals, pro-shows, competitions, and LeadEx sessions, ensuring every event is delivered flawlessly.

To make Manfest–Varchasva successful, feeding participants and support members (security force, vendors, and service providers) is a necessary pre-requisite. The Operations team is responsible for ensuring smooth and efficient catering arrangements across the IIM Lucknow campus.

Task:

Design practical catering plans for both support staff and out-station participants, keeping in mind the resources and location of IIM Lucknow.

Final Deliverables:

1. **Support Staff Plan** (200-250 members): Propose a suitable model using Annapurna Mess and outside eateries. Suggest the most feasible option and estimate the total cost.
2. **Out-station Participants Plan** (1,000-1,500 people): Recommend a practical food plan for visiting participants and provide an estimated cost.

Suggestion:

Don't worry about creating elaborate menus, focus instead on feasibility, cost-effectiveness, and smooth execution of your plan.

FOR ANY QUERIES REGARDING THE TASK CONTACT – ARCHIT OR PRIYANSHU

HOPE YOU ENJOY THE TASK! ALL THE BEST!
