

ROUND 2: TASK GUIDELINES

Timeline: T-100

Operations ensure the smooth execution of Manfest–Varchasva by managing on-ground logistics, including administrative activities, infrastructure, inventory, and vendor relationships. The team runs the show across verticals, pro-shows, competitions, and LeadEx sessions, ensuring every event is delivered flawlessly.

Task:

Option A:

CSR initiatives form a vital part of Manfest–Varchasva. One flagship initiative is the Lucknow City Run, a 10 km run through the city that inspires people to run for a cause. The event draws 2,500–3,000 participants, including corporates, students, government officials, bureaucrats, Lucknow Police Force, and the Army.

Final Deliverables: Prepare a comprehensive plan covering:

1. **Timeline** – Create a schedule of tasks leading up to the run
2. **Vendors & Stakeholders** – Identify key partners, authorities, and logistics providers
3. **Promotions & Theme** – Propose the theme for Lucknow City Run 2026 and design a promotional campaign to maximize participation
4. **Budget** – Estimate overall expenditure
5. **Route Planning & Execution** – Detail the logistics of mapping, securing, and managing the run route on event day

Option B:

Design, conceptualize, and plan a brand-new City-Level CSR Event. Step into the shoes of the Convenor, responsible for sponsorship acquisition, event promotion, hospitality management, and end-to-end operations. You may use the deliverables listed in Option A as a guide.

Suggestion:

While preparing your plan, ensure it is practical, and accounts for on-ground challenges, with clear responsibilities and timelines for smooth execution
